Leibniz Institute for East and Southeast European Studies (IOS Regensburg) announces a Call for

Three Starting Grants for Postdoc Projects (2021)
(up to TVL-E13, 100%, 4 to 6 months)

The Leibniz Institute for East and Southeast European Studies (IOS) is an interdisciplinary area studies research center in Regensburg. IOS explores the historical, economic, and political developments of Eastern and Southeastern Europe in a transnational and comparative perspective. In 2017, IOS joined the Leibniz Association, one of the leading associations of research institutions in Germany. The institute cooperates closely with the University of Regensburg. For more information on IOS go to www.leibniz-ios.de/en

For the further development of its research agenda, the Institute will provide funding for up to three postdoc starting grants (f/m/d) for 4 to 6 months. The grant (in form of an employment contract with IOS according to the TV-L pay agreement) serves to support the successful candidate to design and write a project application for third party funding for her/his own postdoc project. The duration of the grant is dependent on the intended funding programme. The proposed project shall contribute to the research priorities of IOS (for the institute’s research foci see https://ios-regensburg.de/forschung.html). The research topic must also relate to East and Southeast Europe.

We invite applications from researchers with projects in the fields of history, economics and political science, or cognate disciplines. Multidisciplinary approaches are especially welcome.

Applicants are expected to have a very good doctorate and research experience.

The Institute will support the successful candidates in writing their application for third-party funding. The intended project must be carried out at IOS.

For further information you may contact info@ios-regensburg.de.

Please submit your application online via the IOS application portal at http://www.leibniz-ios.de/en/vacancies.html and upload your cover letter, CV, transcripts, and a project outline (maximum 6 pages including indication of the intended funding institution).

**Deadline for applications: February 28, 2021.** The deadline is not an exclusion date; however, it may not be possible to process applications which arrive later.

IOS Regensburg is an equal opportunity employer.
