INVITATION

The Institute for East and Southeast European Studies (IOS) is a regional studies center at the University of Regensburg focussing on emerging east European economies in a global perspective. Situated south of Munich on Lake Starnberg, the Akademie für Politische Bildung (APB, Academy for Civic Education) has a reputation for organising conferences and workshops in various fields of the social sciences.

In order to foster the exchange of ideas and networking among scholars, the IOS and the APB launched a series of annual Summer Academies. The IOS/APB/EACES Summer Academies on Central and Eastern Europe aim to bring together researchers in a workshop atmosphere. Each participant presents an ongoing or recently concluded research project and comments on another one, to be followed by a general discussion. In addition, three keynote lectures are presented. This format should be especially interesting for PhD students and post-docs. More senior researchers, however, are also welcome to participate. In order to ensure lively discussions, the number of participants is limited to 15. The workshop language is English.

The topic of the 2015 IOS/APB/EACES Summer Academy is Openness, Institutions, and Development

Keynote lecturers include Prof. Dr. Michael V. Alexeev (Indiana University Bloomington, USA), Prof. Dr. Sumon K. Bhaumik (University of Sheffield, UK) and Dr. Alexander Plekhanov (EBRD, UK).
